6. PLANNING APPLICATIONS-
06/04726/adv Airedale Toyota, Howden Rd Signage
Objections are raised on the following planning grounds: The increase in the number of flags/banners from the tow which now exist is considered to be inappropriate for the location adjacent to the conservation area. The ground based flags will also reduced parking space on the forecourt and force customers/employees to park on Craven Drive, which has just seen the granting of TRO due to congestion caused by parked vehicles.

06/04492/ful land adjoining High Cross Moor Farm, Skipton Rd
Stables and Storage
Objections are raised on the following grounds. This is Green belt land. There are also highways concerns over access to this land. Established access onto Skipton Rd appears to be at the narrowest part of Skipton road where there are not site lines at all for traffic turning onto Skipton Rd, therefore an increase in use will cause an increase in traffic at an already extremely dangerous junction.
7. Confirmed date of next meeting to be 21st September 2006, unless major applications are received.

BEING NO FURTHER BUSINESS THE CHAIR CLOSED THE MEETING AT 8.30pm
