1. Minutes of previous meeting signed as a true and correct record.
2. Feedback/discussion from members re British Youth Council conference. General feeling amongst group that although a good experience delegates felt out of their depth. Explained by Cllr Croft that they were the youngest delegates attending and would be better prepared next time.
3. Members gave feedback on Silsdenbury. Generally quite positive, would like more involvement at next event.
4. Beck clean again on hold due to unavailability of members. An additional area has been identified that may also benefit from environmental management. Details will be provided at next meeting.

Being no further business this meeting was closed, details of the next meeting to be circulated when a date agreed.
